

The Best is Always The Cheapest

Our refrigerators are noted for their food preserving and ice saving qualities. They are built on sanitary principles and their scientific construction insures constant circulation of pure, dry air which minimizes the consumption of ice.

We have both zinc-lined and porcelain lined refrigerators, every part of which can be easily and thoroughly cleaned. Prices range from \$11.70 to \$28.90.

No home can afford to be without a refrigerator.

Asks Congress for \$3,451,080 Additional Funds.
Washington, July 9.—Secretary Daniels yesterday asked Congress for \$3,451,080 additional funds for the navy for the new fiscal year, including \$1,250,000 for the naval operating base at Hampton Roads, Va.

Do You "Scrub" Your Teeth or Clean Them?

Sand soap or pumice stone might be good to scrub your teeth. Undoubtedly your teeth would be clean, but modern teeth cleanliness comprises strict attention to sanitary benefits also, and the best preparation to use to not only scrub the teeth but to clean them and know that they are clean to the point of healthfulness, is PEREDIXO TOOTH PASTE, 25c the tube. Not druggy or perfumey in taste, but a real pleasure to use.

In the display window at the Dodge Jewelry store this week there is an interesting display of shells made in the Canadian government plant at Sherbrooke, P. Q. One who scans the exhibit gets an excellent idea of the composition and design of shrapnel shell. The ammunition was supplied by H. P. Bradbury, a former employee of Mr. Dodge.

Matt Healy, the well known monument setter, who is engaged on a project in South Carolina, arrived in the city this morning and proceeded at once to Graniteville, having been summoned there by the death of his aged father, Patrick Healy, whose funeral was held this forenoon. Before returning to South Carolina, Mr. Healy will spend a few days at his home on Main avenue.

Potatoes of the 1917 crop are not being allowed to spoil in farmer's cellars to the best of belief among local dealers, who have been hard put to it recently to supply the demands of their customers. One day recently a man canvassed every produce market in town without finding potatoes. For a time there were no new potatoes to be had, but small quantities arriving after the Fourth last week and early this week relieved the shortage somewhat. New potatoes, even though the dealers sold them at the rate of four pounds for 25 cents, were eagerly bought.

Riley Burgess, who is one of the active partners in the Cook & Watkins Manufacturing Co., which purchased a stone shed in Depot square last winter, is preparing to move his family to Barre that he may be able to devote more of his time to his business interests. After vacating their home on the Montpelier road, Mr. and Mrs. Burgess will occupy the apartment in the house at the corner of Washington and the east side of Mount street, recently vacated by Mr. and Mrs. H. H. Patch, who have moved to Morrisville, where they have purchased a home. It is reported that Mr. Burgess' property on the Montpelier road has been purchased by Sergeant-at-Arms D. J. Dwinell of Calais.

Transfer of the office equipment of the D. M. Miles Coal Co., which has occupied quarters in the Moore & Owens store for many years, was effected last night, and to-day the company was established in its new office in the Gordon building. The office is attractively arranged, and facilities for handling the rapidly growing fuel business of the concern are greatly improved. The corner formerly used by the coal company in the Moore & Owens store is to be utilized by the clothiers. The Barre Gas Co., which has leased a part of the office room in the Gordon building, is preparing to vacate its present quarters in the Bolster building in Depot square. Already the company is occupying a work room in the basement of the old Miles building.

Michael Keefe, son of Mr. and Mrs. M. D. Keefe of Foster street, will not be 18 until Aug. 5, but in the several months that he has been a sailor in the U. S. navy he has improved his time, and is now rated as a gun pointer, the promotion having become effective recently. In a letter to his mother, the young sailor writes of a day at target practice in which the battleship to which he was assigned broke the fleet record for three-inch guns by making four hits out of four shots in ten seconds. "It can't be beat," observes Seaman Keefe, who adds: "When we left the ship all the officers and sailors gave us three cheers." Young Keefe has had 16 months of sea service and is doing shore duty in Philadelphia at present. In the course of his letter he speaks of seeing Lawton Witt, the baseball player, who enlisted in the navy some months ago.
